

Hardware Specifications

The **ALPHA Pro Slant V22/26** video cabinet brings wide-screen high-definition video in a reduced height cabinet that preserves casino sight-lines. Padded armrests and advanced ergonomic design creates a *Comfort Zone™* for increased time on device.

- Elimination of game glass simplifies game conversions.
- Complete download platform when configured with the programmable button panel.
- Cup holders and padded armrest allows for extended periods of play with maximum comfort.
- Ergonomically located space for player tracking systems above the button deck.
- Digital Signal Processing sound system custom designed for the modern gaming environment and located to the sides of the display to produce a cinematic surround-sound audio effect.
- Uses Bally's ALPHA OS™ with its user-friendly interface.
- High definition wide screen 22" touch screen game display with 26" high-definition wide screen secondary display.
- Super Candle adds eye-catching LED color display to increase player attraction.
