

Hardware Specifications

with Digital Tower

The **ALPHA Elite™ S9E** with **Digital Tower** takes Bally stepper games to the next level. Games with the **Digital Tower** top box give players the mind-boggling excitement brought by the additional 32" high-definition display.

- Works with all of the ALPHA-based stepper games designed with Digital Tower game features.
- Unique bezel designs complement game presentation (77777 Jackpot shown).
- Uses Bally's ALPHA OS™ with its user-friendly interface.
- 80.8" high allowing it to operate at superior earnings without an overhead sign package.
- Ergonomically located space for player tracking systems above the button deck.
- Common components with Bally's ALPHA Elite™ product line, reducing spares inventory.
- Switched and unswitched outlets included.
- Low maintenance design, utilizing components like LED and cold-cathode lighting.

ALPHA Elite™ S9E with Digital Tower top box
