

Hardware Specifications

ALPHA

Super Candle

The **ALPHA Super Candle** adds exciting display features to Bally's gaming platforms. Bally is building this new functionality into its growing game library of video and spinning reel games, starting with **Cash Spin** and **Two for the Money** game themes.

- Adds an extra Active LED Lighting Area to attract players from across busy casino floors.
- LED Lighting Area functionality has been added to specific to games, and is triggered by events such as bonus wins and attract modes.
- Available in both two tier and three tier configurations.
- Two tier and three tier functionality is the same as for standard candles.
- Available as an Accessory on the following Bally cabinets
 - Alpha Elite V32 with iReels
 - Alpha Elite V20 and V20/20
 - Alpha Elite S9E
- Available as standard on the following Bally cabinets
 - DualVision
 - Alpha Pro Slant
 - Alpha Pro Upright
